

AMADOR COUNTY PUBLIC SCHOOLS
ANNUAL NOTICE TO PARENTS/GUARDIANS
2009-2010

DEAR PARENT/GUARDIAN:

Section 48980 of the Education Code of California requires that notice be given at the beginning of the first semester or quarter of the regular school term to the parent or guardian of the minor pupils in the school district regarding the rights of the parent or guardian under sections 32390, 35291, 46014, 48205, 48207, 48208, 49403, 49423, 49451, 49472, 51938, Chapter 2.3 (commencing with section 32255) of Part 19, and notice of the availability of the program prescribed by Article 9 (commencing with section 49510) of Chapter 9 and of the availability of individualized instruction under section 48206.3. Section 48982 requires that this Notice be signed and returned by the parent or guardian to the school. Signature and return of the attached form is acknowledgement by the parent or guardian that he or she has been informed of his or her rights but does not indicate that consent to participate in any particular program has either been given or withheld.

Some legislation requires additional notification to the parents or guardians during the school term or at least 15 days prior to a specific activity. (A separate letter will be sent to parents or guardians prior to any of these specified activities or classes, and the student will be excused whenever the parents or guardians file with the principal of the school a statement in writing requesting that their child not participate.) Other legislation grants certain rights that are spelled out in this form.

Accordingly, you are hereby notified as follows (when used in this notification "parent" includes a parent or legal guardian):

STUDENT DISCIPLINE

RULES AND PROCEDURES ON SCHOOL DISCIPLINE (EC §35291): Rules pertaining to student discipline, including those that govern suspension or expulsion, are set forth in Education Code Sections 48900 and following, and are available upon request from the school. In addition, the following disciplinary information is provided to parents:

DUTY CONCERNING CONDUCT OF PUPILS (EC §44807): Every teacher shall hold pupils accountable for their conduct on the way to and from school, and on the playground.

DUTIES OF PUPILS (5 CCR §300): Pupils must conform to school regulations, obey all directions, be diligent in study, be respectful of teachers/others in authority, and refrain from profane/vulgar language.

HAZING PROHIBITION (EC §48900(q)): Pupils and other persons in attendance are prohibited from engaging or attempting to engage in hazing.

DRESS CODE/GANG APPAREL (EC §35183): The district is authorized to adopt a reasonable dress code.

ATTENDANCE OF SUSPENDED PUPIL'S PARENT (EC §48900.1): If a teacher suspends a student, the teacher may require the child's parent to attend a portion of the school day in his or her child's classes. Employers may not discriminate against parents who are required to comply with this requirement.

SEXUAL HARASSMENT POLICY (EC §231.5; 5 CCR §4917): Each district is required to have adopted a written policy on sexual harassment and to display such policies in a prominent location and include it in orientation for employees and students.

SCHOOL ACCOUNTABILITY REPORT CARD (EC §35256): Districts are to make a concerted effort to notify parents of the purpose of school accountability report cards, and ensure that all parents receive a copy.

SCHOOL RECORDS AND ACHIEVEMENT

PUPIL RECORDS/NOTICE OF PRIVACY RIGHTS OF PARENTS AND STUDENTS (EC §49063 et seq., §49073, 34 CFR 99.30, 34 CFR 99.34, and the federal Family Educational Rights and Privacy Act): Federal and state laws concerning student records grant certain rights of privacy and right of access to students and to their parents. Full access to all personally identifiable written records maintained by the school district must be granted to: (1) Parents of students 17 and younger; (2) Parents of students age 18 and older if the student is a dependent for tax purposes; (3) Students age 18 and older, or students who are enrolled in an institution of postsecondary instruction (called "eligible students"). Parents, or an eligible student, may review individual records by making a request to the principal. The principal will see that explanation and interpretations are provided if requested. Information that is alleged to be inaccurate or inappropriate may be removed upon request. In addition, parents or eligible students may receive a copy of any information in the records at reasonable cost per page within 5 business days of the request. District policies and procedures relating to: location of, and types of, records; kinds of

information retained; persons responsible for records; directory information; access by other persons; review; and challenge of records are available through the principal at each school. When a student moves to a new district, records will be forwarded upon the request of the new school district. At the time of transfer, the parent or eligible student may review, receive a copy (at a reasonable fee), and/or challenge the records.

If you believe the district is not in compliance with federal regulations regarding privacy, you may file a complaint with the United States Department of Education (20 USC §1232(g)).

RELEASE OF PUPIL DIRECTORY INFORMATION (EC §49073): The district also makes student *directory information* available in accordance with state and federal laws. This means that each student's name, birth date, birthplace, address, telephone number, major course of study, participation in school activities, dates of attendance, awards, and previous school attendance may be released in accordance with board policy. In addition, height and weight of athletes may be made available. Appropriate directory information may be provided to any agency or person except private, profit-making organizations (other than employers, potential employers or the news media). Names and addresses of seniors or terminating students may be given to public or private schools and colleges. Parents and eligible students will be notified prior to the destruction of any special education records.

Upon written request from the parent of a student age 17 or younger, the district will withhold directory information about the student. If the student is 18 or older or enrolled in an institution of postsecondary instruction and makes a written request, the student's request to deny access to directory information will be honored. Requests must be submitted within 30 calendar days of the receipt of this notification.

RELEASE OF INFO TO MILITARY SERVICES REPS / RELEASE OF TELEPHONE NUMBERS (EC §49073.5; 20 USC §7908(a)(2)): Parents of secondary students may request in writing that the student's name, address, and telephone listing not be released to armed forces recruiters without prior written parental consent.

STUDENT USE OF TECHNOLOGY AND THE INTERNET: Online Services/Internet Access – The Board intends that the Internet and other online resources provided by the district be used to support the instructional program and further learning. The Superintendent or designee has established regulations governing student access to technology that are age appropriate. These policies are available at the District Office, online at www.amadorcoe.org or by calling 257-5353. These regulations prohibit access to harmful matter on the Internet which may be obscene or pornographic and preclude other misuses of the system. In addition, it is established in the regulations that users have no expectation of privacy and that district staff may monitor or examine all system activities to ensure proper use of the system. Students who fail to abide by district rules shall be subject to disciplinary action, revocation of the user account and legal action as appropriate. Because the Internet contains an unregulated collection of resources, the district cannot guarantee the accuracy of the information or the appropriateness of any material that a student may encounter. Therefore, before using the district's online resources, each student recognizes that technology provides ways to access the most current and extensive sources of information. Technology also enables students to practice skills and to develop reasoning and

problem-solving abilities. In addition, electronic resources foster workplace skills that may be transferable to new technologies. Every effort shall be made to provide equal access to technology throughout the district's schools and classes. The parent/guardian shall sign and return the District's Online Communication Service and Conditions Student Contract form. This contract shall specify user obligations and responsibilities and shall indemnify the district from any damages. The parent/guardian shall agree to not hold the district responsible for materials acquired by the student on the system, for violations of copyright restrictions, users' mistakes or negligence or any costs incurred by users. Staff shall supervise students while using online resources and may ask teacher aides and student aides to assist in this supervision. The Superintendent or designee shall establish administrative regulations governing use of the district's online services. The Superintendent shall ensure that users have no expectation of privacy and understand that district staff may monitor or examine all systems. Students who fail to abide by these regulations shall be subject to disciplinary action, revocation of the user account and/or legal action as appropriate.

INTERNET FILTERING: All school sites shall utilize and maintain an Internet filtering system that will prevent access to Internet/web sites whose content is in violation of provisions of laws of the State of California, Education Code and/or Board Policy. The Superintendent or designee shall be responsible for establishing guidelines and procedures for the operation and maintenance of Internet filtering systems.

HIGH SCHOOL EXIT EXAM (EC §§48980(e) and 60850): Pupils completing the 12th grade will be required to successfully complete the high school exit exam. The exam may not be administered to students not receiving adequate notice.

WHAT CAHSEE COVERS: The exam consists of two parts: (1) English-language arts (reading and writing) and (2) mathematics. All questions are aligned to California content standards adopted by the State Board of Education. Content standards describe what students should know and be able to do at each grade level from kindergarten through grade twelve. Your school district can provide you with information on the content standards assessed by the CAHSEE, or you can download the CAHSEE test blueprints located on the [CDE Web site](#).

REQUIREMENTS FOR PASSING THE CAHSEE: Students must earn a score of 350 or higher on each part of the CAHSEE (English-language arts and mathematics) to pass the exam. Students do not need to pass both parts of the exam during the same administration in order to satisfy the CAHSEE requirement.

ACCOMMODATIONS AND MODIFICATIONS: Regulations specify accommodations and modifications that students with disabilities must be permitted to use if specified in the student's individualized education program (IEP) or Section 504 Plan for use on the CAHSEE, standardized testing, or for use during classroom instruction and assessments. Students who use an accommodation and earn a score of 350 or higher have passed that part of the CAHSEE. Students who use a modification and earn the equivalent of a passing score on one or both parts of the CAHSEE have not passed but may be eligible for a waiver of the CAHSEE requirement. Parents or guardians must ask the school principal to submit a waiver on behalf of their student. More information on accommodations, modifications, and the waiver process can be found on the [CDE Web site](#).

TEST VARIATIONS FOR ENGLISH LEARNERS: English learners must be permitted to take the CAHSEE with certain test variations if used regularly in the classroom. For example, if regularly used in the classroom, English learners must be permitted to hear the test directions in their primary language or use a translation glossary. Students who are English learners are required to take the CAHSEE in grade ten with all other grade ten students. During their first 24 months in a California school, English learners are to receive six months of instruction in reading, writing, and comprehension in English (*Education Code* Section 60852). During this time, they are still required to take the CAHSEE. All students must pass the CAHSEE in English to receive their high school diploma.

GRADUATION REQUIREMENTS: All California public school students must satisfy the CAHSEE requirement, in addition to meeting all other state and local requirements, to receive their high school diploma. Students with disabilities and English learners must also satisfy the CAHSEE requirement.

For the latest information regarding the CAHSEE, please visit the [CDE Web site](#). If you have any further questions about the CAHSEE, please contact our district office during regular school hours at (209-257-5334).

SCHOOL ATTENDANCE/ATTENDANCE ALTERNATIVES

California law (EC §48980(h)) requires all school boards to inform each student's parent at the beginning of the school year of the various ways in which they may choose schools for their children to attend other than the ones assigned by school districts. Students who attend schools other than those assigned by the districts are referred to as "transfer students" throughout this notification. There is one process for choosing a school within the district which the parent lives (intradistrict transfer), and potentially three separate processes for selecting schools in other districts (interdistrict transfer). The general requirements and limitations of each process are described as follows:

Choosing a School Within District in Which Parent Lives: The law (EC §35160.5(b)) requires the school board of each district to establish a policy that allows parents to choose the schools their children will attend, regardless of where the parent lives in the district. The law limits choice within a school district as follows:

- Students who live in the attendance area of a school must be given priority to attend that school over students who do not live in the school's attendance area.
- In cases in which there are more requests to attend a school than there are openings, the selection process must be "random and unbiased", which generally means students must be selected through a lottery process rather than on a first-come, first-served basis. A district cannot use a student's academic or athletic performance as a reason to accept or reject a transfer.
- Each district must decide the number of openings at each school which can be filled by transfer students. Each district also has the authority to keep appropriate racial and ethnic balances among its schools, meaning that a district can deny a transfer request if it would upset this balance or would leave the district out of compliance with a court-ordered or voluntary desegregation program.
- A district is not required to provide transportation assistance to a student that transfers to another school in the district under these provisions.
- If a transfer is denied, a parent does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents to appeal a decision.

Choosing a School Outside District in Which Parent Lives: Parents have three different options for choosing a school outside the district in which they live. The three options are:

Option 1: Districts of Choice (EC §§48300 through 48315): The law allowed, but did not require, each school district to become a "district of choice" – that is, a district that accepted transfer students from outside the district under the terms of the referenced Education Code sections. A district that has not chosen to be a "district of choice" prior to August 24, 2007, no longer has the option to become one. If the school board of a district decided to become a "district of choice" it must determine the number of students it is willing to accept in this category each year and make sure that the students are selected through a "random and unbiased" process, which generally means a lottery process. If the district chose not to become a "district of choice", a parent may not request a transfer under these provisions. Other provisions of the "district of choice" option include:

- Either the district a student would transfer to or the district a student would transfer from may deny a transfer if it will negatively affect the racial and ethnic balance of the district, or a court-ordered or voluntary desegregation plan. The district a student would be leaving may also limit the total number of students transferring out of the district each year to a specified percentage of its total enrollment, depending on the size of the district.
- No student who currently attends a school or lives within the attendance area of a school can be forced out of that school to make room for a student transferring under these provisions.
- Siblings of students already attending school in the "district of choice" must be given transfer priority.
- A parent may request transportation assistance within the boundaries of the "district of choice". The district is required to provide transportation only to the extent it already does so.

Option 2: Other Interdistrict Transfers (EC §§46600 et seq.): The law allows two or more districts to enter into an agreement for the transfer of one or more students for a period of up to five years. New agreements may be entered into for additional periods of up to five years each. The agreement must specify the terms and conditions under which transfers are permitted. There are no statutory limitations on the kinds of terms and conditions districts are allowed to place on transfers. The law on interdistrict transfers also provides for the following:

- If either district denies a transfer request, a parent may appeal that decision to the county board of education. There are specified timelines in the law for filing an appeal and for the county board of education to make a decision.

Option 3: Parental Employment in Lieu of Residency Transfers (EC §48204(b)): If at least one parent or legal guardian of a student is physically employed in the boundaries of a school district other than the one in which they live, the student may be considered a resident of the school district in which his/her parents work. This code section does not require that a school district accept a student requesting a transfer on this basis, but a student may not be rejected on the basis of race/ethnicity, sex, parental income, academic achievement, or any other "arbitrary" consideration. Other provisions of EC §48204(b) include:

- Either the district in which the parent or legal guardian live or the district in which the parent or legal guardian works may prohibit the student's transfer if it is determined that there would be a negative impact on the district.
- The district in which the parent or legal guardian works may reject a transfer if it determines that the cost of educating the student would be more than the amount of government funds the district would receive for educating the student.
- There are set limits (based on total enrollment) on the net numbers of students that may transfer out of a district under this law, unless the district approves a greater number of transfers.
- There is no required appeal process for a transfer that is denied. However, the district that declines to admit a student must provide in writing to the parent or legal guardian the specific reasons for denying the transfer.

This summary provides an overview of the laws applicable to school attendance for each alternative. Additional information is available upon request.

NOTICE OF ALTERNATIVE SCHOOLS (EC §58501): State law authorizes all school districts to provide for alternative schools. Education Code section 58500 defines an alternative school as a school or separate class group within a school that is operated in a manner designed to:

- (1) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- (2) Recognize that the best learning takes place when the student learns because of his/her desire to learn.
- (3) Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her own interests. These interests may result in whole or in part from a presentation by his/her teachers of choices of learning projects.
- (4) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- (5) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, student, or teacher is interested in further information concerning alternative schools, the *County Superintendent of Schools, the administrative office of this district, and the principal's office in each attendance area* shall have copies of the law available for your information. This law particularly authorizes interested persons to request that the governing board of the district to establish alternative school programs in each district.

EXCUSED ABSENCES (EC §48205): Students may be absent for justifiable reasons and may complete missed assignments.

GRADE REDUCTION/LOSS OF ACADEMIC CREDIT (EC §48980(j)): No student shall have his/her grade reduced or lose academic credit for any excused absence pursuant to EC §48205 for missed assignments/tests that can reasonably be provided/completed.

ABSENCES FOR CONFIDENTIAL MEDICAL SERVICES (EC §46010.1): Students in grades 7-12 and their parents are notified that the law permits schools to excuse students for the purpose of obtaining confidential medical services without parental consent; however, district implementation of this law is permissive. District policy regarding excusing such absences is available upon request.

ABSENCE FOR RELIGIOUS INSTRUCTION (EC §46014): Districts may allow pupils with parent consent to be excused to participate in religious exercises/instruction.
