

Executive Summary School Accountability Report Card, 2009–10

For Argonaut High School

Address: 501 Argonaut Lane, Jackson CA 95642-2020
Principal: David Vicari

Phone: 209-257-7700
Grade Span: 9 - 12

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of information related to individual public schools. The data presented in this report are reported for the 2009–10 school year, except the School Finances and School Completion data that are reported for the 2008–09 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About this School

Argonaut High School is a comprehensive four-year school located in Jackson, California. We are part of the Amador County Unified School District. Graduates leave here prepared to enter the workforce, the military or postsecondary education. Our relatively small size and caring atmosphere ensure that students develop positive relationships with faculty and each other and form a strong bond to their school. Argonaut offers extensive extracurricular and interscholastic programs that more than 50 percent of its students participate in. The community is an active and enthusiastic partner with our school, helping to improve facilities and create new opportunities for students.

For the past several years, we have seen growth not only in our school test scores but also in the type of tests being taken and the numbers of students taking the tests. In particular, we have revamped the math curriculum to more closely follow the state standards by purchasing new texts, using diagnostic tests to accurately place students in classes, requiring all freshmen to begin math instruction at the algebra level, developing afterschool tutoring, and pushing for a third year of required math credits for graduation. We have revived our drama program, and now that we have a stage in the new multipurpose room, we are able to have dramatic productions on site. In addition, we have expanded our PE offerings to include more strength and conditioning classes and aerobics classes. With the completion of a new multipurpose room, which includes a cafeteria, Argonaut is now a closed campus at lunch. Although it is one of the smallest schools in the league, Argonaut competes successfully in the Mother Lode League and the San Joaquin Section of the California Interscholastic Federation, the governing body for high school athletics. We are proud to be Argonaut Mustangs.

School Facilities

Summary of Most Recent Site Inspection

Our school received a rating of exemplary on the most recent site inspection using the State of California Facility Inspection Tool. This indicates an overall rating of 98%. An exemplary rating indicates that a school is maintained in good repair with a number of non-critical deficiencies noted. These deficiencies are isolated and may result from minor wear and tear and are in the process of being mitigated.

Repairs Needed

The district Maintenance and Operations Department continuously utilizes its resources to keep up with vandalism and all repairs to ensure the health and safety of our students.

Corrective Actions Taken or Planned

School buildings and classrooms are cleaned and maintained on a regular basis by the school's custodians and the district maintenance department. The custodians and Principal walk through the restrooms during the day to make certain that they are sanitary and in proper working condition. The Principal walks the site daily to look for hazards and, if found, they are addressed immediately.

School Accountability Report Card

Reported Using Data from 2009–10 School Year

Published During 2010–11

The School Accountability Report Card (SARC), which is required by law to be published by February 1 of each year, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2009–10)

This section provides information about the school, its programs, and its goals.

Argonaut High School is a comprehensive four-year school located in Jackson, California. We are part of the Amador County Unified School District. Our mission is to ensure that students grow in mind, body, and character so that they fulfill their potential to become lifelong learners and productive, contributing members of society. Graduates leave here prepared to enter the workforce, the military, or postsecondary education. Our relatively small size and caring atmosphere ensure that students develop positive relationships with faculty and each other and form a strong bond to their school. We are proud to be Argonaut Mustangs.

Argonaut High School offers a comprehensive curriculum, including Advanced Placement (AP) classes in all academic areas and a diverse elective program that offers recently developed academies in technology/business, agriculture, and culinary arts.

Opportunities for Parental Involvement (School Year 2009–10)

This section provides information about opportunities for parents to become involved with school activities, including contact information pertaining to organized opportunities for parental involvement.

Argonaut has many clubs and organizations that encourage parental involvement, including the Argonaut Booster Club, Argonaut Band Boosters, the Quarterback Club, the SSC, the Boosters Club Steering Committee, the Ag Boosters, and Principal Forums. Many parents informally help athletics, drama, music, and clubs with their various activities.

Parents and the business community have made huge contributions to our school by providing services, facility improvement, materials, equipment, labor, and expertise. If you would like to become involved, contact our principal.

Student Enrollment by Grade Level (School Year 2009–10)

III. School Climate

School Safety Plan (School Year 2009-10)

This section provides information about the school's comprehensive safety plan.

Our School Safety Plan follows the district-adopted protocol for responding to various possible emergencies. Each classroom has a flip chart to consult in case of emergency. We conduct fire and earthquake drills and lockdown practice. We have increased safety tremendously by installing a schoolwide communication system in 2005.

A school resource officer, counselors, the campus supervisor, and custodial staff all help in patrolling the campus during school hours to promote safety, prevent violent or destructive behavior, and maintain a clean campus. We enforce the Student Conduct Code to ensure safety and a positive learning environment.

We report safety hazards and system malfunctions, and the district maintenance staff responds as quickly as possible.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

| Rate | School | | | District | | |
|--------------------|---------|---------|---------|----------|---------|---------|
| | 2007–08 | 2008–09 | 2009–10 | 2007–08 | 2008–09 | 2009–10 |

| Expulsions | 12.5 | 0.6 | 0.9 | 0.3 | 0.5 | |

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2010–11)

This section provides information about the condition of the school's grounds, buildings, and restrooms based on the most recent data available, and a description of any planned or recently completed facility improvements.

Summary of Most Recent Site Inspection

Our school received a rating of exemplary on the most recent site inspection using the State of California Facility Inspection Tool. This indicates an overall rating of 98%. An exemplary rating indicates that a school is maintained in good repair with a number of non-critical deficiencies noted. These deficiencies are isolated and may result from minor wear and tear and are in the process of being mitigated.

School Facility Good Repair Status (School Year 2010–11)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

| System Inspected | Repair Status | | | | Repair Needed and Action Taken or Planned |
|--|---------------|--------|------|------|---|
| | Exemplary | Good | Fair | Poor | |
| Systems: Gas Leaks, Mechanical/HVAC, Sewer | n/a | X | | | |

V. Teachers

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found on the CDE *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

| Teachers | School | | | District |
|---|---------|---------|---------|----------|
| | 2007–08 | 2008–09 | 2009–10 | 2009–10 |
| With Full Credential | 26 | 25 | 28 | |
| Without Full Credential | 0 | 0 | | |
| Teaching Outside Subject Area of Competence | 0 | | | n/a |

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: *Total Teacher Misassignments* includes the number of *Misassignments of Teachers of English Learners*.

| Indicator | 2008–09 | 2009–10 | 2010–11 |
|--|---------|---------|---------|
| Misassignments of Teachers of English Learners | 0 | 0 | 0 |
| Total Teacher Misassignments | 0 | 0 | 0 |
| Vacant Teacher Positions | 0 | 0 | 0 |

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2009–10)

This table displays the percent of classes in core academic subjects taught by Highly Qualified Teachers as defined in the Elementary and Secondary Education Act (ESEA), in a school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under the ESEA can be found on the CDE Improving Teacher and Principal Quality Web page at <http://www.cde.ca.gov/nclb/sr/tq/>.

| Location of Classes | Percent of Classes In Core Academic Subjects | |
|----------------------------------|--|---|
| | Taught by Highly Qualified Teachers | Not Taught by Highly Qualified Teachers |
| This School | 100% | 0 |
| All Schools in District | 100% | 0 |
| High-Poverty Schools in District | 100% | 0 |
| Low-Poverty Schools in District | 100% | 0 |

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2009–10)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

| Title | Number of FTE Assigned to School | Average Number of Students per Academic Counselor |
|---|----------------------------------|---|
| Academic Counselor | 0 | |
| Counselor (Social/Behavioral or Career Development) | 0 | n/a |
| Library Media Teacher (librarian) | 0 | n/a |

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2008–09)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found on the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

| Level | Total Expenditures Per Pupil | Expenditures Per Pupil (Supplemental / Restricted) | Expenditures Per Pupil (Basic / Unrestricted) | Average Teacher Salary |
|---|------------------------------|--|---|------------------------|
| School Site | \$6170 | \$451 | \$4,291 | \$59,200 |
| District | \$6170 | \$451 | \$5,917 | \$60,590 |
| Percent Difference – School Site and District | 0 | 0 | 12% | 3% |
| State | N/A | N/A | \$5,512 | \$60,994 |
| Percent Difference – School Site and State | N/A | N/A | 12% | 3% |

Types of Services Funded (Fiscal Year 2009–10)

This section provides information about the programs and supplemental services (e.g., information about supplemental educational services related to the school's federal Program Improvement status) that are provided at the school through either categorical funds or other sources.

High school costs, in general, are higher than those of either elementary or junior high. This difference is due in part to the nature of the classes, the type of equipment needed, and the greater expense of textbooks and materials.

The state of California provides money for salaries, benefits, books, supplies, equipment purchases, maintenance and repair of facilities and equipment, transportation costs, and utilities. Other state and federal programs used to be granted to help fund a culinary arts class, industrial arts, drama, books and other materials (videos, learning guides) for foreign language classes, equipment and books for the library and the science classrooms, staff development, and various improvements to our school; however, with the categorical sweep of Spring 2009 we are experiencing grave shortages.

Teacher and Administrative Salaries (Fiscal Year 2008–09)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size based on the salary schedule. Detailed information regarding salaries may be found on the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

| Category | District Amount | State Average For Districts In Same Category |
|---|-----------------|--|
| Beginning Teacher Salary | \$39,832 | \$38,941 |
| Mid-Range Teacher Salary | \$57,405 | \$59,686 |
| Highest Teacher Salary | \$75,618 | \$77,828 |
| Average Principal Salary (Elementary) | \$81,394 | \$94,258 |
| Average Principal Salary (Middle) | \$83,853 | \$98,271 |
| Average Principal Salary (High) | \$91,587 | \$104,869 |
| Superintendent Salary | \$133,000 | \$142,247 |
| Percent of Budget for Teacher Salaries | 38.70 % | 38.20 % |
| Percent of Budget for Administrative Salaries | 6.20 % | 5.90 % |

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The assessments under the STAR program show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven. The CAPA includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA is an alternate assessment that is based on modified achievement standards in ELA for grades three through nine, mathematics for grades three through seven and Algebra I and science in grades five, eight, and ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. On each of these assessments, student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>. Program information regarding the STAR Program can be found in the Explaining 2009 STAR Program Summary Results to the Public guide at <http://www.cde.ca.gov/ta/tg/sr/documents/pkt5intrpts09.pdf>.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Standardized Testing and Reporting Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute AYP designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found on the CDE California High School Exit Examination (CAHSEE) Web site at <http://cahsee.cde.ca.gov/>. *Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

California Physical Fitness Test Results (School Year 2009–10)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the CDE Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. *Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

| Grade Level | Percent of Students Meeting Fitness Standards | | |
|-------------|---|-----------------------|----------------------|
| | Four of Six Standards | Five of Six Standards | Six of Six Standards |
| 5 | | | |
| 7 | | | |
| 9 | 82.6% | 72.5% | 47.8% |

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found on the CDE Academic Performance Index (API) Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

| API Rank | 2007 | 2008 | 2009 |
|-----------------|------|------|------|
| Statewide | 7 | 8 | 7 |
| Similar Schools | 4 | 4 | 4 |

Academic Performance Index Growth by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years. *Note: "N/A" means that the student group is not numerically significant or data were not available.*

| Group | Actual API Change | | |
|----------------------------------|-------------------|---------|---------|
| | 2007–08 | 2008–09 | 2009–10 |
| All Students at the School | 23 | 6 | -6 |

Academic Performance Index Growth by Student Group – 2010 Growth API Comparison

This table displays, by student group, the 2010 Growth API at the school, LEA, and state level.

| Group | 2010 Growth API | | |
|----------------------------------|-----------------|-----|-------|
| | School | LEA | State |
| All Students at the School | 766 | 771 | |
| Black or African American | | | |

Adequate Yearly Progress

The federal Elementary and Secondary Education Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found on the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2009–10)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the six AYP criteria described above.

| AYP Criteria | School | District |
|---|--------|----------|
| Overall | | No |
| Participation Rate - English-Language Arts | Yes | Yes |
| Participation Rate - Mathematics | Yes | Yes |
| Percent Proficient - English-Language Arts | Yes | No |
| Percent Proficient - Mathematics | Yes | No |
| API | Yes | Yes |
| Graduation Rate | | Yes |

Federal Intervention Program (School Year 2010–11)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found on the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

| Indicator | School | District |
|--|--------|----------|
| Program Improvement Status | n/a | n/a |
| First Year of Program Improvement | n/a | n/a |
| Year in Program Improvement | n/a | n/a |
| Number of Schools Currently in Program Improvement | n/a | n/a |
| Percent of Schools Currently in Program Improvement | n/a | n/a |

XI. School Completion and Postsecondary Preparation

Admission Requirements for California's Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the General Admissions Information Web page at <http://www.universityofcalifornia.edu/admissions/general.html>. (Outside Source)

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University Web page at <http://www.calstate.edu/SAS/admreq.shtml>. (Outside Source)

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data are available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

Career Technical Education Programs (School Year 2009–10)

This section provides information about the Career Technical Education (CTE) programs and lists programs offered by the school district that are aligned to the model curriculum standards. The list should identify courses conducted by regional occupational centers or programs and those conducted directly by the school district. This section provides a listing of the primary representative of the career technical advisory committee of the school district and industries represented.

Our individual and combined advisory committees consist(s) of school, district and industry representatives.

The Career Technical Education Programs are open to enrollment to any student in our school district. Here is a list of classes available for a student to enroll.

Career Technical Education Participation (School Year 2009–10)

This table displays information about participation in the school's CTE programs.

| Measure | CTE Program Participation |
|--|---------------------------|
| Number of pupils participating in CTE | 405 |
| Percent of pupils completing a CTE program and earning a high school diploma | 16% |
| Percent of CTE courses sequenced or articulated between the school and institutions of postsecondary education | 0% |

Courses for University of California and/or California State University Admission (School Year 2009–10)

This table displays, for the most recent year, two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment in, and completion of, courses required for UC/CSU admission can be found on the CDE *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

| UC/CSU Course Measure | Percent |
|---|---------|
| Students Enrolled in Courses Required for UC/CSU Admission | 28.4% |
| Graduates Who Completed All Courses Required for UC/CSU Admission | 28.4% |

Advanced Placement Courses (School Year 2009–10)

This table displays, for the most recent year, the number of Advanced Placement (AP) courses that the school offered by subject and the percent of the school's students enrolled in all AP courses. Detailed information about student enrollment in AP courses can be found on the CDE *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

| Subject | Number of AP Courses Offered | Percent of Students In AP Courses |
