**Transportation Department  
Andrew Peters, Coordinator**

545 Independence Dr • Sutter Creek, CA 95685 • SNOW INFO LINE: (209) 257-5355

Dear Parent/Guardian:

From time to time, we experience delays and route changes for reasons ranging from driver shortages, road construction, activity trip scheduling, etc... **You can get up to date information regarding these delays** on our website or on the Info/Snow Information Line:

**General Info/Snow Line: (209) 257-5355\*\***

**District Website: [www.amadorcoe.org](http://www.amadorcoe.org)** (then select "transportation")\*\*

\*\*This information will be updated at 6:00am & Noon daily

To aid the school district in providing the required number of educational minutes yearly and to avoid disrupting the start of the school day, Transportation is implementing the following "Snow Schedule" for upcountry areas. There may be the need to call a two hour delay or "snow day." This would only happen in the event of very severe weather conditions.

When snow is present, upcountry school buses will stay on Hwy 88 & 26 only. If parents are unsure please call **209-257-5355** for information. Transportation will have designated stops along highways where parents may take their students. Parents are responsible for the safety of their students until buses arrive. The following schools / routes will be serviced as follows: **The below bus schedule affects students above Ridge Rd & Hwy 88 in Pine Grove. Students below Ridge Rd & Hwy 88 in Pine Grove will be on normal bus schedules unless otherwise notified.**
