Children's Creativity Museum
221 Fourth Street
San Francisco, CA 94103

Dear Children's Creativity Museum,

Please allow me to explain how much the opportunity to come to your Museum means to our students. Our district has about 50% of our families living in poverty and since our school is an alternative setting it may be represented higher at our site. This type of opportunity is very rare and special for our students. Many have never been to the city, ridden Bart or experienced anything like this. Your willingness to offer your grant to serve them is so special and meaningful that I am concerned I cannot even express it adequately in this letter.

Please accept our great gratitude to the opportunity to come to your Museum and introduce these kids to something so amazing. I really appreciate the class we experienced and introduction to exciting topics like Claymation.

Again, thank you for the grant and the opportunity, you truly have made a difference.

With gratitude,

Trevor Doyle

Dear Jackson Rancheria,

You made my day! Last Wednesday I was excited to open my email to find your email with your very generous donation. I especially appreciate that you recognized the need and expedited my request. It really showed that you understand and went out of your way for us. Wow! Thank you. Your support means so much, not only to the school, but to the Students you are helping.

Here at Independence High School, we are committed to creating a new dynamic project based learning school, which includes opportunities like the one to attend the animation class in San Francisco. You have helped make that possible and for that we are very grateful. Thanks to your contribution this exciting opportunity has become available to our deserving students.
